Fire Awareness Campaign (Paulpiet)

Thuthugani Contractors and Mondi team together with the Dumbe Fire Department conducted a successful fire awareness campaign at local primary schools in the month of May 2023. This initiative aimed to educate children on the importance of extinguishing small fires safely (at home) without posing an injury to themselves and others.

Emphasis was placed on children reporting forest fires in the area to their parent, guardian, Thuthugani or Mondi staff should they encounter them. The campaign further emphasized the impact of wild fires on the ecosystem, global warming, the need to protect the environment, our schools and communities.

The schools visited were Brecher Primary School, Knoopaan Primary School, Mananjalo Primary School and Paardfontien. Schools in Pivaanspoort will be visited in June.

Thuthugani Contractors Receives Recognition from NOSA

Thuthugani Contractors have received a Regional Award from NOSA in recognition of their outstanding audit for 2022. This award is a geographical and industry based award and will be handed out at the NOSA banquet in September 2023.

“Bravo! Your team’s achievement in receiving a NOSA regional award . It is a testament to your talent, perseverance, and commitment to excellence.

Congratulations to you and your entire team on your remarkable accomplishment on achieving this milestone recognition of excellence through the star grading outcomes for the period 1 April 2022 – 31 March 2023.”

Fire Competition Success for ACG Shared Services

ACG Shared Services teams on the 1st of June 2023 participated in an area fire competition. Our fire trucks F1470 and F1656 won first and second place respectively. ACG Shared Services F1470 team will be representing Ixopo area in the regional competition to be held on the 29th of June 2023. We wish the team all the success in the upcoming competition.
